750 Shield and Frank Walter trophy notes

For 2026 the committee has considered how to better involve regional club members in trophy competitions and support the associations we are a part of. It has been decided that points will be awarded for attending either the AOMC British & European Show or the AOMC Aussie Classic Car Show; if you attend both events you will only receive a score for one event with preference given to points counting toward the 750 Shield. Additionally, points will be awarded in the same manner for any one of the Federation Picnics.

John Fleming, Ken Stuchbery, Doc. Grosvenor and Sprint & Hillclimb trophy notes

This year we have significantly expanded the eligible events for these trophies. This decision has been made partly due to the low numbers of Austin 7s competing at events, but also to give club members the most possible opportunities to be recognised for their motorsport achievements in an Austin 7. We ask that if you enter any of the nominated events in an Austin 7 that you let the committee know of your attendance so events results can be collected and award calculations can be made. If you enter an event but do not advise the committee the event may not be counted toward the trophy calculations.
